

# Track All Profits Easier Than Ever

A new Utility Token for everyone can track all swap transactions including profit through the PancakeSwap service so that you can track your wallet or follow any wallets that you want.

## DECENTRALISED ECONOMY

# We are building a platform to track all swap transactions.

### 1. Track the profit

It is helpful for you to track all transactions including hidden fee amounts.

### 2. Copy trading

It is also beneficial for investors if they want to copy trading of the top wallets that got profit when trading on PancakeSwap.

### 3. Find hidden gems

Everyone can find hidden gems for many different purposes.

## PROFIT CHANNEL

# We are building a Telegram channel and bot

Our Bot will track the profit of all wallets that are traded on PancakeSwap and post to the channel in real time so that everyone can follow and get your reference.
